A wonderful time was had by all at Sports Day -
thank you for supporting us and making it such a
special event!

The school is in the process of working on a core purpose. The staff and children will be coming up with ideas thinking about Mottram in terms of why are we here? What do we want to achieve? A few examples so far include:

To develop resilient, confident young people who will flourish.

To create a generation of happy, caring children who are confident and want to change the world.

If you would like to get involved and contribute either yourself or as a family - please write in the box below and return it to the office before the end of July.
