

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2021 to 2022 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their background or the challenges they face, make good progress and achieve high attainment across all subject areas. The focus of our pupil premium strategy is to support disadvantaged pupils to achieve that goal, including making progress for those who are already high attainers.

When making decisions about using Pupil Premium funding it is important to consider the context of the school and the subsequent challenges faced. This alongside research conducted by the EEF has been essential in identifying priorities. Common barriers to learning for disadvantaged children can be less support at home, weak language and communication skills, lack of confidence, more frequent behaviour difficulties and attendance and punctuality issues. There may also be complex family situations that prevent children from flourishing. The challenges are varied and there is no “one size fits all”.

High quality teaching is at the centre of our approach. We have identified the areas that our disadvantaged children require the most support. Research has proven that this approach will have the most impact on closing the disadvantaged attainment gap.

We will ensure that all teaching staff are involved in the analysis of data and identification of pupils, so that they are fully aware of strengths and weaknesses across the school.

Principles

- We ensure that teaching and learning opportunities meet the needs of all the pupils
- We ensure that appropriate provision is made for pupils who belong to vulnerable groups, this includes ensuring that the needs of socially disadvantaged pupils are adequately assessed and addressed
- We recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals.
- We reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged
- Pupil premium funding will be allocated following a needs analysis which will identify priority classes, groups or individuals. Limited funding and resources means that not all children receiving free school meals will be in receipt of pupil premium interventions at one time

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Vocabulary and communication skills
2	Low resilience and self-regulation skills
3	Attitudes towards writing
4	Punctuality and Attendance

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Where data evidences there is a gap in vocabulary and communication between pupil premium children and non-pupil premium peers, this is reduced by the end of the strategy plan.	<p>The attainment gap between Pupil Premium and non-pupil premium children is less than national (9.3 months of progress. 103.2 scaled score. 68% expected for RWM)</p> <p>Internal tracking and monitoring shows Pupil Premium children progress equal to or greater than their non-pupil premium peers.</p> <p>External school improvement support verifies these findings in pupils' day to day learning.</p>

Part B: Review of outcomes in the previous academic year

Pupil premium strategy outcomes

This details the impact that our pupil premium activity had on pupils in the 2020 to 2021 academic year.

Due to COVID-19, performance measures have not been published for 2020 to 2021, and 2020 to 2021 results will not be used to hold schools to account. Given this, please point to any other pupil evaluations undertaken during the 2020 to 2021 academic year, for example, standardised teacher administered tests or diagnostic assessments such as rubrics or scales.

Absence taken from IDSR

Overall absence for pupils in receipt of free school meals (8.0%) was in the highest 20% of all schools in 2018/19 as well as in 2017/18 and 2016/17. Persistent absence for pupils in receipt of free school meals (31.3%) was in the highest 20% of all schools in 2018/19 as well as in 2017/18 and 2016/17.

Persistent absence for pupils with special educational needs (3.7%) was in the lowest 20% of all schools in 2018/19.

Overall absence in autumn 2020 for pupils in receipt of free schools meals (2.7%) was in the lowest 20% of all schools.

Overall absence in autumn 2020 for pupils with special educational needs (1.7%) was in the lowest 20% of all schools
