*Prior Learning where does this fit in? (Golden Thread)*

How do you create a healthy gut ecosystem

**Topic Theme and Golden Thread**

*How amazing is the human body?*

The human body is an amazing thing. Let's take a trip to Manchester science and industry museum and learn about our bodies and how they work. We are going to explore how to keep our bodies healthy by planning and cooking a healthy balanced meal. This half term we're going to delve into the world of farming by analysing our local areas land use. Finally, we will we produce our own patterns in the style of tattoos.

*Links to community/Courageous Advocacy – Something more*

Science and Industry Museum Trip

Local geography study.

<i>All things are possible if you believe</i>	<i>Communicators</i>	<i>Explorers</i>	<i>Readers</i>	<i>Believers</i>
	Children will express their individuality and creativity when designing their own tattoo art.	Children will explore the different uses of land and identify which land is suitable to farm a range produce.	Children will read our class novel and our children will read and interpret features of a map.	Children will believe that they must look after their bodies as God created them.
