Join us and see the school in action
with a brief introduction
& tour of our classes

"Mottram is a wonderful school made more fantastic by its truly amazing pupils and staff. We have a real sense of community at the school which helps to create the welcoming and unique atmosphere. We would be delighted if you could join us to see the school in action."

Mr James Malone: Headteacher

"To give every child the best start, we offer a wide range of activities that develop skills across all areas of learning through direct teaching and continuous provision. The classroom is set up to enable children to learn as they play (continuous provision). These areas are changed regularly to engage and support children's learning."

Mrs Bailey and Mrs Brereton: Reception Teachers

Making friends in an amazing school!

"My child settled in straight away. He made friends and couldn't wait to tell his family how amazing his new school was and how kind and helpful his new teachers are."

Miss Taylor: Parent
