

Prior Learning where does this fit in?

 **(Golden Thread)** 

Why should rainforests matter to us all?

Topic Theme and Golden Thread
How does your Global Garden Grow?

This theme explores how the world is connected through nature, culture and caring for the planet. In geography, we will look at Fairtrade and how it supports communities. Students will learn how working together helps plants, people and ideas grow, shaping a better future for everyone.

 

Links to community/Courageous Advocacy – Something more

Food bank

School allotment.

	Communicators	Explorers	Readers	Believers
All things are possible if you believe	Children will communicate the theme through art, writing, presentations, role play and projects sharing ideas about growth, connection and sustainability.	Children will explore the theme through investigations, hands-on activities, discussions and research, discovering connections between nature, people and sustainability.	Children will read stories, articles and factual texts about global gardens, fairtrade, and teamwork, deepening understanding of growth and collaboration.	Children will become believers in positive change by learning about Fairtrade, sustainable living, and teamwork helps communities and the planet thrive.
